

# Sidewinder 30

Mechanical Sweeper

For quick retrieval of trash and litter, the Sidewinder 30 is built for indoor or outdoor use, in damp or dry conditions. Lightweight and maneuverable, the Sidewinder 30 is ideal for shopping malls, movie theatres, supermarkets, warehouses, and parking lots.

- The 30-inch sweeping path makes quick work of hard surface clean-up jobs—five times faster than push brooms.
- The removable hopper makes emptying the machine quick and easy.
- Two side brooms make sure that dirt along walls and curbs is picked up by the main brush.
- An 8-position adjustment knob allows the operator to keep the Sidewinder 30 working at the proper brush height.
