### THE NSS COMPETITIVE ADVANTAGE

Because of its incredible 200 RPM pad speed, the new Wranglers are capable of cleaning the dirtiest floor.

The solution tank on the 1710-2010 models are now 40% larger, keeping the machine on the floor longer, increasing productivity.

The Wrangler 1710-2010 is built on an 11-gauge steel frame, proving a rugged, dependable scrubber that will stay on the job for years.

Integrity at work.
